ADVANCING A CONNECTED WORLD

IEWC Provides a Broad Range of Solutions for Demanding Applications

As a premier global provider of connectivity solutions for wire harness contractors, OEMs, telecom, and infrastructure industries, IEWC stocks a wide range of products available for same day shipment. Combining extensive inventory with technology and specialized services allows us to provide unique customer solutions.

Through innovative products and services, we help you increase productivity, reduce installation costs, and improve reliability. Whether you need a custom-engineered product for a specific

application, or just a better way to manage and reorder material through a personalized VMI solution, IEWC is committed to empowering your company's success.

IEWC AIR
AUTOMATED INVENTORY REPLENISHMENT

Inventory Management at Your Fingertips — Anytime, Anywhere

Looking for a way to save time? IEWC's Automated Inventory Replenishment (AIR) program is the cloud-based product inventory and purchasing management tool for you! AIR program participants manage their inventory via a convenient web-based dashboard and/or an optional Android-based scanning device. And it's free!

Buyers can:

- 'Set & forget' inventory min/max
- Reorder & track orders in seconds
- Approve orders placed by plant
- Consolidate POs & suppliers
- Analyze order history and more!

Parts managers enjoy:

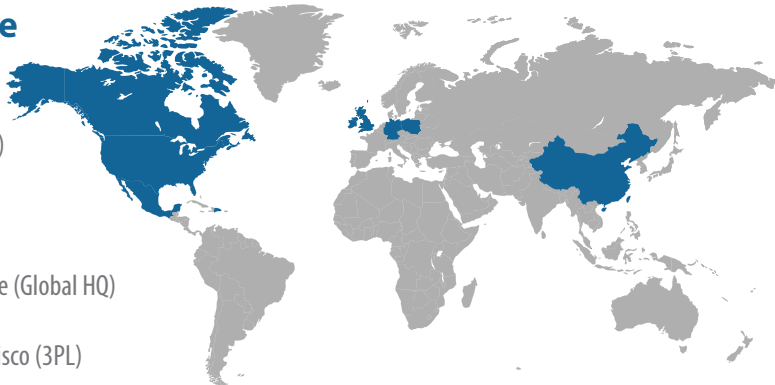

- Greater inventory visibility
- Automatic inventory management
- Easy scanning & order placement

PROTECT

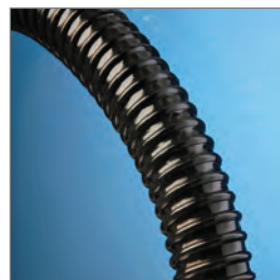

We can determine and provide the best solution for your application, from heavy-duty conduit to lightweight sleeving.

Protective Sleeving
Braided, Expandable, Coated, Electrical & Thermal Insulation

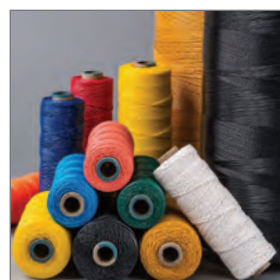

Heat Shrink Tubing
Tubing, Shapes, Boots, Marking Systems, Solder Sleeves & Heat Guns

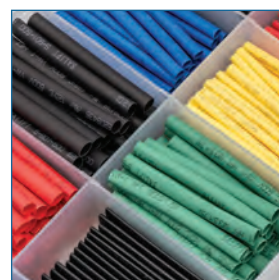

Loom
Slit & Non-Slit Loom, Specialty Materials, Fittings & Accessories

Conduit
Metallic, Non-Metallic, Liquid-Tight & Fittings

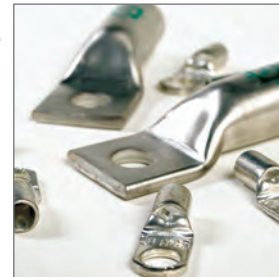

Braided Yarn & Lacing Cord
PVC Coated Braided Yarn, Braiding Tape, Specialty Materials

Value-Add Services
Cut-to-length Heat Shrink, Sleeving, Conduit and Loom

CONNECT

Lugs, terminals and ferrules, as well as manual, semi-automatic and automatic tools that make connecting safe, fast, reliable and repeatable.

Lugs & Power Connectors
Compression, Split-Bolt, Mechanical & Tooling

Plugs, Receptacles & Cam-Locks
15, 20, 30, 50 Amp & Industrial Connectors

Terminals & Ferrules
Applicators, Reel-Fed & Crimp Seal, Contacts

Cord Sets
North American, International, Hospital Grade

Molded Connectors
Mini-Connectors & Cord Sets

Crimping Tools
Reduce Strain, Increase Productivity and Improve Safety

IDENTIFY

Component identification ensures accurate installation and makes future troubleshooting faster.

Printers
Benchtop Printers, Applicators, Software to Print/apply Adhesive and Heat Shrinkable Labels

Labels
Vinyl self-laminating, heat shrinkable, pressure sensitive, custom labels

Automate identification
Data Automation, Automatically Print/wrap

BUNDLE & ROUTE

IWC carries thousands of bundling and routing options as well as a variety of ergonomic application tools to ensure worker safety.

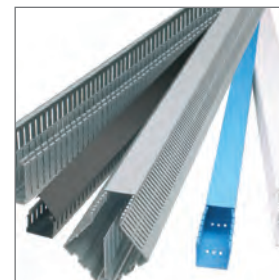

Cable Ties & Accessories
Manual loose-piece, automatic reel-fed, clips, clamps & mounts

Boost Efficiency
Automatic Tools Reduce Operator Fatigue, Promote Worker Safety, and Improve Productivity

Tape
Vinyl, Insulating & Specialty

Wiring Duct
Solid, Slotted, High-Density & DIN Style
