## IEWC Acquires Telecom Power & Connectivity Supplier Jupiter Communications

We're excited to announce our acquisition of Jupiter Communications, an industry leading telecommunications power and connectivity supplier, in a strategic move targeting dynamic growth in the North American telecom, central office and data center markets.

"IEWC and Jupiter Communications have developed a strong partnership over the last five years, and this acquisition is the culmination of the exciting growth the two organizations have achieved through compelling new solutions for the telecom industry in North America," shared Mike Veum, IEWC CEO.

As part of the integration, Jupiter will roll out a new logo in the coming weeks. While the corporate branding will look a bit different, there will be no changes to Jupiter's day-to-day business practices. Customers can expect the same great partnership and commitment to success.
